INTRODUCTION

This catalog includes the periodicals of the San Francisco Public Library, Main Library, Civic Center.

Holdings for the neighborhood branches of the San Francisco Public Library system are included only if the title is unique to the branch or if the branch has larger permanent holdings than the Main Library. For a listing of branch libraries subscribing to a particular title, see the Branch Union List of Periodicals.

All but a very small portion of the periodical collection is for REFERENCE use only. Those few magazines which can be checked out are in the LENDING LIBRARY or the MAIN CHILDREN'S DEPARTMENT.

Older volumes of periodicals and journals may be inaccessible or available only on a delayed basis; check with the library department which owns the issues.

Holdings in this catalog are current as of April 28, 1994. For more recent information consult a librarian.

VOLUME ORGANIZATION

Titles are listed alphabetically, word by word. They are computer-filed, which puts numbers and other symbols before letters, and files initialisms as words.

In the case where two or more periodicals have the same title (a problem especially with periodicals entitled simply "Journal" or "Bulletin"), they may be distinguished by the call number or by the department where they are housed.

Some periodicals are listed only under the latest title, with "SEE" references from earlier titles in the library's holdings.

A selection of government documents is included, but it is not definitive. For items not found, check with the Business/Science/Documents Dept.

FORM OF ENTRY

This volume is a finding tool only. Records are very brief, containing minimal information.

Each entry will contain:

- Title of the periodical
- Location code within the Library (see Library Organization)
- Holdings statement (see next page for explanation of codes and symbols)

Each entry may contain:

- Call number, for those volumes which are bound
- Informational notes
